## Guidepoint GPS-1 Alerts You The Instant Your Vehicle Is Stolen.

You've made a significant investment in your vehicle. In the event of a theft, you want to make sure you can get it back quickly to avoid costly damage and high insurance deductibles. Let Guidepoint's GPS-1 be your secret weapon against thieves. When you have a Guidepoint installed on your vehicle, you can rest easy if it's ever stolen.

### Automatic Theft Notification Gives You A Heads Up.

When your vehicle is stolen, it can be hours before you discover it's missing – often too late to prevent damage. That's why the GPS-1 includes an Automatic Theft Notification feature that alerts you the instant a theft occurs.

The GPS-1 works by recording your vehicle's exact location every time the key is removed from the ignition. If your vehicle ever moves without being started by the key, an electronic signal is instantly sent to Guidepoint. Then, a recovery specialist contacts you immediately to verify that your vehicle has been stolen. If it has, Guidepoint works with the police to stop the thieves in their tracks and return your vehicle to you.

### E-Call Emergency Protection That Keeps You Safe.

On top of unprecedented stolen vehicle protection, your Guidepoint GPS-1 entitles you to exceptional emergency services, too. When you have a GPS-1 installed in your vehicle, you'll get unlimited access to Guidepoint's E-Call emergency services. Whenever you encounter trouble on the road, Guidepoint will assist you with everything you need. With just one call, we'll rush help to your side, whether it's the police, the paramedics, the fire department or all three. And, if your vehicle ever breaks down, Guidepoint will even dispatch a tow truck right to your exact location.\*

### Peace Of Mind Without The Price.

Guidepoint GPS-1 gives you premium stolen vehicle recovery protection and E-call emergency services all without expensive monthly fees. What's more, Guidepoint stands behind the GPS-1 with a generous \$1,000 theft protection warranty. In the rare event your GPS-1 equipped vehicle is stolen and cannot be recovered, Guidepoint will refund your purchase price up to a \$1,000.\*\*

\* Free Dispatch Service does not include Roadside Service Fees. For information about Guidepoint's Roadside Assistance Plan call: (877) GPS-FIND.

\*\* One Year Term: renewable
